CUSTOMERS

CLIENTS

Every year, over 10,000 individuals representing some 1,500 companies worldwide (29 countries) attend EXFOR®. While attendees are predominantly (80%) from the pulp & paper sector, the remainder represent other heavy industries (i.e., lumber/waferboard/OSB, packaging, iron/steel/aluminum petro-chemical, mining, beverage, municipalities etc...) who need similar technologies.

Below is a sampling (10%) of the companies who buy goods from the 420 EXFOR® exhibitors.

Chaque année plus de 10 000 individus représentant quelques 1 500 compagnies de partout dans le monde (29 pays) participent à EXFOR®. Même si la majorité (80%) provient du secteur des pâtes et papiers, les autres font parties d'industries majeures (c.a.d., bois d'œuvre/panneaux gauffrés/OSB, emballages, mines, pétro-chémie, breuvages, municipalités etc...) qui utilisent les mêmes technologies

Voici un échantillon (10%) des entreprises qui achètent des produits des 420 exposants d'EXFOR®.
